Nusa Island Retreat

Tour Leader: Julia

Papua New Guinea - Land of adventure, mystery, lost cultures, tropical jungles, high mountains - a land of contrast. The waters surrounding P.N.G. are exotic and still vastly unexplored. The thousands of coral atolls with crystal clear blue waters abound in a myriad of spectacular marine life and hundreds of wrecks. P.N.G. without doubt offers some of the most fascinating underwater experiences. During World War II, New Ireland was in the front line of the Japanese southward advance and today rusting tanks, naval and anti-aircraft guns are silent reminders of the past. Kavieng has become famous for its war relics as well as for the pristine reef diving and the pelagics that frequent these remote and pristine waters. So be amongst the first few to experience this great new dive destination!
